TITLE: Dudley Westler Alaska Railroad Slides

COLLECTION NUMBER: B2017.033

OVERVIEW OF THE COLLECTION

Dates: 1966-2000
Extent: 4 boxes; 0.8 linear feet

Language and Scripts: The collection is in English.

Name of creator(s): Dudley Westler, Dedman’s Photo Shop

Administrative/Biographical History:
Dudley Westler (1927-2017) first came to Alaska to work on construction of the Trans Alaska Pipeline in the 1970s and subsequently visited the state on numerous occasions. He was a railroad enthusiast, and belonged to several railroad organizations in his home state of California.

Scope and Content Description:
The collection consists of 700 color 35mm slides taken by Westler, primarily depicting the equipment and operations of the Alaska Railroad. Westler arranged his images by equipment type or route location. There are also over 100 images of White Pass & Yukon Route equipment and stations. For more information, see Detailed Description of Collection.

Arrangement: Original subject-based order maintained.

CONDITIONS GOVERNING ACCESS AND USE
Restrictions on Access: The collection is open for research use.

Physical Access: Original items in fair to good condition.

Technical Access: No special equipment is needed to access the materials. A lightbox may be used to view transparencies.

Conditions Governing Reproduction and Use: The Anchorage Museum is the owner of the materials and makes available reproductions for research, publication, and other uses. Written permission must be obtained from the Anchorage Museum before any reproduction use. The Anchorage Museum does not necessarily hold copyright to all of the materials in the collections. In some cases, permission for use may require seeking additional authorization from the copyright owners.
