**TITLE:** Crary-Henderson Collection

**COLLECTION NUMBER:** B1962.001, B1962.001A

**OVERVIEW OF THE COLLECTION**

Dates: circa 1885-1930

Extent: 19.25 linear feet

Language and Scripts: The collection is in English.

Name of creator(s): Will Crary; Nan Henderson; Phinney S. Hunt; Miles Bros.; Lyman; George C. Cantwell; Johnson; L. G. Robertson; Lillie N. Gordon; John E. Worden; W. A. Henderson; H. Schultz; Merl LaVoy; Guy F. Cameron; Eric A. Hegg

**Administrative/Biographical History:**

The Crary and Henderson Families lived and worked in the Valdez area during the boom times of the early 1900s. William Halbrook Crary was a prospector and newspaper man born in the 1870s (may be 1873 or 1876). William and his brother Carl N. Crary came to Valdez in 1898. Will was a member of the prospecting party of the Arctic Mining Company; Carl was the captain of the association. The Company staked the "California Placer Claim" on Slate Creek and worked outside of Valdez on the claim. Slate Creek is a tributary of the Chitina River, in the Chistochina District of the Copper River Basin. Will Crary was the first townsite trustee for Valdez. Carl later worked in the pharmaceutical field in Valdez and was also the postmaster. Will married schoolteacher Nan Fitch in Valdez in 1906.

Carl died of cancer in 1927 in Portland, Oregon. Will Crary died March 6, 1956; Nan Crary died June 5, 1946.

**Scope and Content Description:**

The collection consists of approximately 3600 images in print and negative format, including both film and glass plate negatives. The majority of the print photographs are contained in 13 albums created by the family. The images are primarily of Valdez, the Copper River Valley, and surrounding mining and railroad operations dating from the late 1890s through the 1930s. For more information, see Detailed Description of Collection.

Arrangement: Arranged by format.

## **CONDITIONS GOVERNING ACCESS AND USE**

Restrictions on Access: The collection is open for research use. Access to original glass plate negatives restricted; both copy prints and digital surrogates are available for use.

Physical Access: Original items in fair to good condition.

Technical Access: No special equipment is needed to access the materials.

Conditions Governing Reproduction and Use:

The Anchorage Museum is the owner of the materials and makes available reproductions for research, publication, and other uses. Written permission must be obtained from the Anchorage Museum before any reproduction use. The Anchorage Museum does not necessarily hold copyright to all of the materials in the collections. In some cases, permission for use may require seeking additional authorization from the copyright owners.

## **ADMINISTRATIVE INFORMATION**

Acquisition and Appraisal Information

Collection B1962.001 purchased from daughter Nan Crary-Henderson for Cook Inlet Historical Society by Ken Hinchey of Alagco Corporation in 1962. CIHS subsequently transferred the collection to the Museum. David C. Fitch, Michael W. Fitch, and Richard O. Fitch, heirs of Nan Crary-Henderson, donated copyright to the Museum in 2014. According to a note made after 1977, the items in collection B1962.001A were donated to the Museum by Frederick Smith Pettyjohn "in the early days."

Processing note

Of 96 enlargements received in 1962, 80 were mounted by photographer Vern Brickley on behalf of CIHS in July of that year.

Volunteers went through the images starting in 1962 and made notes as to locations and dates. A note in the accession file indicates that the albums were cataloged starting in June 1975.

Nitrate negatives included in a duplication project funded by the National Archives through a grant from the National Historical Publications and Records Commission prior to 1982.

Separated materials

Glass plate negatives shelved separately. Oversize materials housed in map case.

Note

This draft finding aid was created using print catalog cards created by Museum staff in the 1960s-1980s. Individual images were not consulted.
